Herman Miller® AO2 Style

Deconstructing the Myth About Remanufactured

Why Remanufactured is Better than New!

85% of panels, connectors, and components are remanufactured from genuine first life Herman Miller product.

We remanufacture three core components:

- Panels
- Connectors
- Overhead Units

 **New**

 **Remanufactured**

▼ A direct comparison of three different versions of the popular Herman Miller AO2 Systems:

Herman Miller AO2 Systems	Panel Core	Connectors	Hardware	Kick Plates	Caps & Trim	Electrical Parts	Paint	Fabric	Work Surfaces	File Pedestals	Shelves	Flipper Doors	Keyboard Trays	Warranty (YRS)	LEED Points

Reman Product Qualifies for Up To 5 Leeds Points!

Herman Miller[®] AO2 Style

Earn up to 5 LEED POINTS!

LEED Commercial Interiors

LEED (Leadership in Energy and Environmental Design)

LEED certification provides a measurable guide to the environmental impact of a building based upon design, construction and operation. Furniture and materials are not certified under the LEED program. However, the use of environmentally friendly or low impact materials and furniture earns points towards a LEED certification.

3.3 Resource Reuse – 30% Furniture Furnishings

1 Point

Fact

We reuse approximately 85% of each panel, connector, overhead bin, and tackboard.

Commentary

Raw materials are extracted once but return to the marketplace multiple times with a dramatically minimized manufacturing process.

3.3 Resource Reuse – 20%(post consumer+½pre-consumer)

1 Point

Fact

We have a variety of recycled fabrics to choose from.

Commentary

Interface Fabrics provides Terratex fabrics which are made from 100% recycled or compostable materials.

5.1 Regional Manufacturer – 20% Manufactured Regionally

1 Point

Fact

This point can be added if the manufacturing facility is within a 500 mile radius of the project.

4.2 Low-Emitting Materials: Paints and Coatings

1 Point

Fact

We utilize a powder coat paint line that meets requirements for low VOC paint.

Commentary

Any parts requiring a wet paint application receive water-based paint.

6.1 Controllability of Systems: Lighting

1 Point

Fact

Our tasklighting contributes to the ability to adjust lighting to suit individual needs.

Commentary

Workstation tasklighting can be repositioned or simply by turning off if not needed.

Integrated Network Data Cabling & Built In UL Approved Electrical Power!

Easy Cinch Computer Case Holder

Provides space-saving and secure suspension of computer case under desktop. This off-the-floor storage solution helps prevent damage due to dust, bumps and cleaning.

Base raceway

The enhanced power and data capacity of the AO2 panel raceway meets the challenge of today's technically demanding work environments. AO2 offers lay-in power and data capacity for easy installation with high capacity for up to 100 pairs of Category 5 or Category 6 cables in a non-powered raceway.

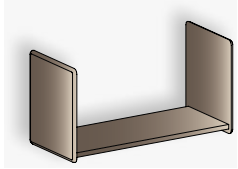

iPod and Data/Power Units

Introducing our newest accessories: an iPod dock that allows access to your iPod or iPhone throughout the day and our new data/power unit. Both are UL approved, and can be installed directly into the work surface for desktop access.

Herman Miller® AO2 Style

Organization, Storage & Ergonomic Productivity Options!

OVERHEAD STORAGE

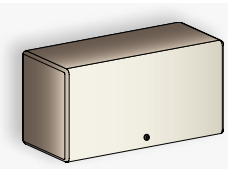

Shelf

Provides easily accessible open storage. A task light can mount underneath. 15" high. Must attach to panel of same width. Also offered in 15" deep (EDP).

Half-Height Shelf

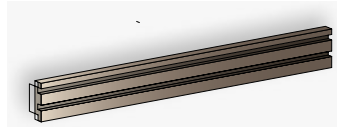

Same as Shelf but 7 1/2" high to fit on some shorter panels. Must attach to panel of same width. Available 12" deep.

Flipper Door Unit

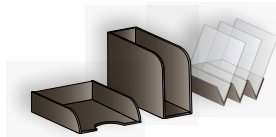

Lockable upholstered or painted door. A task light can mount underneath. Must attach to panel of same width. Also offered in 15" deep (EDP).

ORGANIZATION

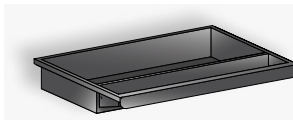

Tool bar

Allows work tools such as paper trays to be attached to the wall. Must attach to panel of same width. Available in BU and MT finishes.

Paper Trays

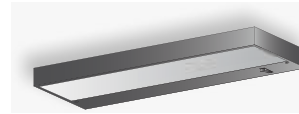

Attaches to a tool bar placing critical files within reach. Diagonal trays have three see-through dividers. Available in BU and MT finishes.

Pencil Drawer

Mounts under work surfaces to keep frequently needed office supplies handy and the desktop clutter-free. Black.

ADDITIONAL OPTIONS

Task Light

Fluorescent light that attaches to the underside of a flipper door unit or shelf. Task light must be identical to flipper door unit or shelf width. BU finish only.

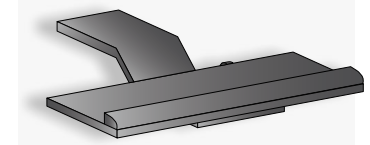

Marker Board

White dry-erase marker board that attaches to the panel. Perfect for collaborative sessions. Marker board trays are available as an add-on.

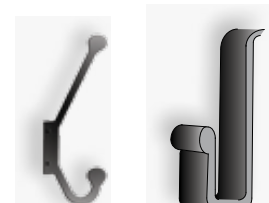

Tack Board

A fabric covered board that attaches to the panel. Convenient for tacking reminders and frequently referenced documents. Available in A or B style. Standard or powered.

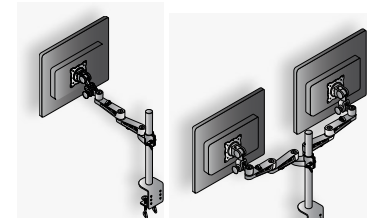

Standard Keyboard Package

Articulating tray places the keyboard at the proper height creating a more ergonomic environment for the user. Available with adjustable mouse pad extension. Black.

Coat Hook

A detachable metal hook for hanging outerwear. Available in two styles.

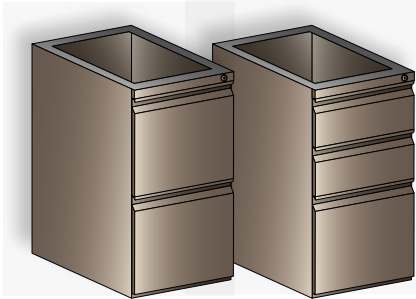

Adjustable Monitor Arms

Customize the angle, depth and height of monitors for seated or standing applications. Rotate the monitor to portrait or landscape.

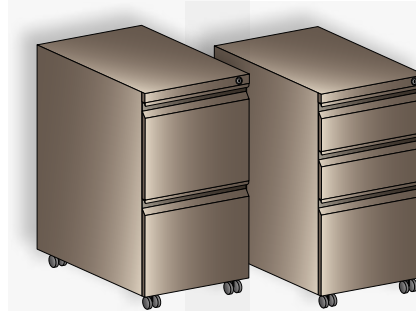

Herman Miller[®] AO2 Style

Filing & Storage Solutions!

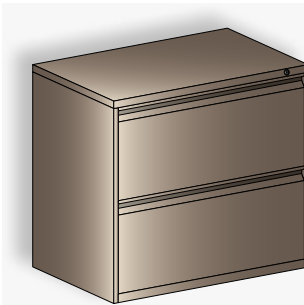

Structural Pedestals

A lockable file that can be mounted under the work surface. 23" deep. Full pull front. Available in BU, MT and HF finishes. Additional colors for an upcharge.

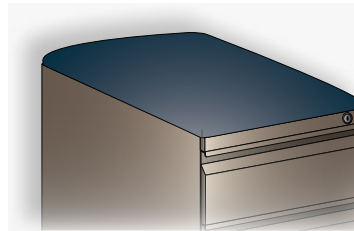

Mobile Pedestals

Locking storage on casters that is easily accessible yet fits under the work surface. 20" deep. Full pull front. Available in BU, MT and HF finishes. Additional colors for an upcharge.

2-Drawer Lateral

A lockable file with counterweight that can be used freestanding or mounted under the work surface. Accommodates legal or letter size hanging files. 30" wide. Full pull front. Available in BU, MT and HF finishes. Additional colors for an upcharge.

Seat Cushion for Mobile Pedestal

Seat cushion for mobile budget pedestal that can be upholstered with any fabric. Ideal for collaborative meetings.

Tower

Lockable storage. 24" wide by 24" deep by 63" high. Full pull front. Available in BU, MT and HF finishes. Additional colors for an upcharge.

Signature Series

Sustainable Options

Fabric Options

74% of our program fabrics are Guilford's Terratex and 40% carry the Green-E label.

Terratex

Made from 100% recycled or compostable material using increasingly sustainable manufacturing practices to produce a high quality product that is recyclable at the end of its useful life.

Green-E

100% of the electricity used to make Green-E fabrics is matched by Green-E certified Renewable Energy Certificates

Work Surface Options

For an up-charge, Uniboard™, a sustainable design particleboard (SDP), is available for use in work surfaces.

- No added urea formaldehyde
- 100% recycled wood fiber or 100% post consumer recycled wood waste

Credits and Certification

- LEED® credit support: M&R 4.1, 4.2, 5.1, 5.2, 7 & EQ 4.4
- FSC mixed credit certified - available option
